

# NON-REBREATHING DENTAL TABLE SUPPORT SYSTEM

## SAFETY

- ✓ Anchors the non-rebreathing circuit to the dental grate
- ✓ Prevents restriction of the breathing bag
- ✓ Provides stability and rotation without kinking the circuit

## QUALITY

- ✓ 3D printed from high quality, durable materials
- ✓ Robust locking mechanism
- ✓ Easily adapted to most non-rebreathing systems

## CONVENIENT

- ✓ Simple press and twist operation to anchor
- ✓ Freely rotates on the base
- ✓ Easy and quick to move when flipping the patient

Product in bottom image shown with Safe-Sigh nonrebreathing circuit
